

Dunderdale breaks Schools' County record

Boston, Lincolnshire; 11 June, 2011 – Carre's Year 13 student, Joe Dunderdale, smashed the Lincolnshire Schools' javelin record with a throw measuring 69.23 metres at the Boston Athletics Stadium. Little did those present realise, but this was to be the start an incredible run of performances by the young man from Caythorpe.

Joe wasn't satisfied with that achievement alone: instead he went on to win again the very next day, securing the first prize of a brand new Nordic javelin in the process! That event doubled as the Great Britain qualifying event for the European Championships and Joe threw an enormous personal best of 72.55 metres. To put this achievement into perspective, consider that this was the 7th longest throw EVER by a British athlete under 20 years of age. Joe's throw was also the 6th best this year by any British athlete, regardless of age!

Watch video footage of Joe's throw at the Lincolnshire Schools' Athletics Championships by following this link:

FOOTBALL

END OF SEASON AWARDS

Year 7: Jake Newton

Jake had a very impressive first football season at Carre's, showing a great attitude in training sessions and competitive games. Jake's creativity has provided countless goalscoring chances for his teammates, helping him stand out in midfield and attacking positions.

Y8: Alex O'Dell.

Defended well all season, left footed and always willing to get forward. His link up play with Callum Stewart has been a real strength for the team. He crosses the ball well, is strong in the tackle & nearly scored his first ever goal!!!

Year 9: Matthew Bean

Matthew has been an excellent team player this season. He has shown commitment to training, performed well during every game and even scored some screamers into the bargain!

Year 10: Matthew Hemsall

Matthew has been outstanding for the school team this season, from turning up to every training session to putting in some fine displays in competitive fixtures. His goals, energy levels and leadership qualities have been invaluable to the team this year.

Year 11: Charlie Rossington

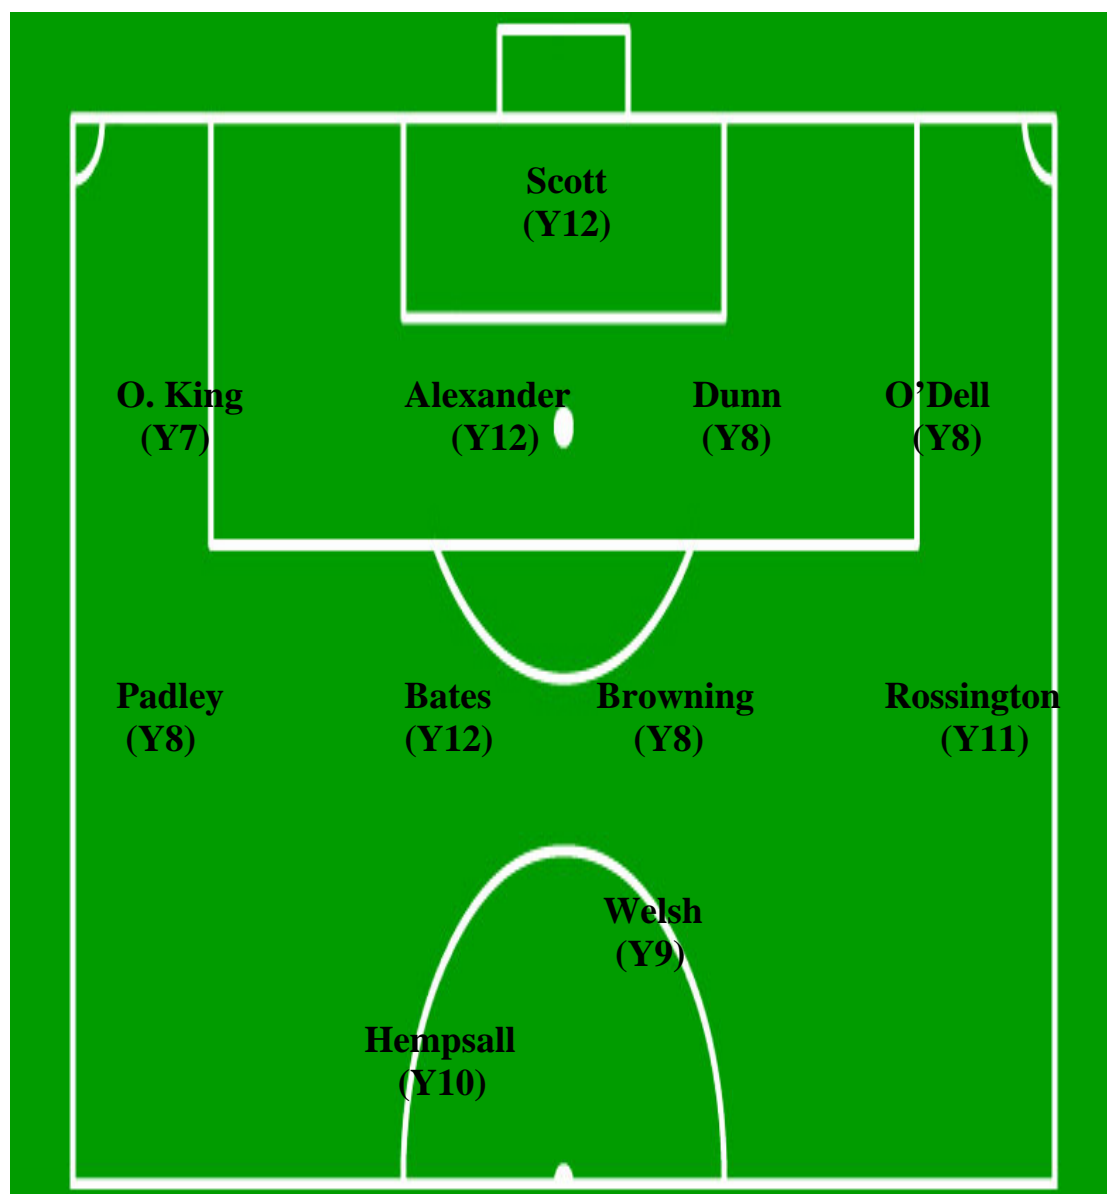

Charlie has had an extremely impressive season, resulting in regular call-ups to the Under 18 squad, one year ahead of schedule.

1st XI: Nick Bates

Nick has been inspirational throughout the season. He passes well, dominates midfield and also scores 'the odd goal'. In key matches he has been able to raise his game. His will to win is infectious and he has been a delight to coach.

CARRE'S FOOTBALL TEAM OF THE YEAR

Substitutes:

J Scott (Y7)

J Newton (Y7)

M Bean (Y9)

C Ward (Y13)

The team was selected from the recommendations of all of our team managers for the year. We reckon this team would hold its own in the Premier League! Well done to all those selected.

RUGBY

END OF SEASON REPORT

Senior Rugby

Player of the season has to be the Skipper, Bradley Russell-Webster. His commitment in all areas was second-to-none. He had to be carried off of the pitch after our Daily Mail Cup victory at Nottingham High school through mild concussion and general exhaustion. It has been a pleasure to watch the entire squad develop over the last six years and I have no doubt that the school has developed a number of high quality rugby players. Special mentions for the season must also go to Luke Tupholme and Cory Stobart for outstanding service. Ben Copley had an outstanding season and was by a million miles the most improved player. We would have liked to have seen him more at training, however! George Seabrook and Luke Tupholme both had a Midlands trial, but were unsuccessful, having represented NLD throughout the season.

Year 11 had a limited amount of games due to exam preparation and had a difficult season. They put in a very spirited display at Worksop College but struggled to win ball up front. They will now join the current Year 12 team and look forward to a successful senior season next year

Year 10 reached round 5 of the Daily Mail cup narrowly losing to Barnard Castle School in Durham. The boys are extremely talented and I look forward to seeing them develop further with an increased commitment to training. Ben Borrill was invited into Schools of Rugby and Craig Anderson represented Leicester Tigers at U15 level at the end of the season.

Year 9 had very few fixtures but look forward to Daily Mail Cup year with renewed vigour. Josh Allen did extremely well, progressing into the Elite Player Development Group.

Year 8 fielded 2 teams and won the majority of their games. Along with the current year 7 team 29 boys are touring Australia in 2014 and planning and training is underway.

Year 7 also fielded two teams and beating Stamford School was certainly one of the highlights of their year! Ben Taylor and James Martin both show outstanding promise for the future.

CARRE'S RUGBY TEAM OF THE YEAR

CRICKET

Headteacher's Match

June 11th 2011 - In bright sunshine at Sleaford Cricket Club, the 1st XI took to the field for the first game against the Head's XI for many years.

As tradition dictates, the students batted first, putting on a respectable total to defend. Despite a good start from Mr Wilson, opening for the adults, the Head's XI eventually crumbled, falling well short of the necessary total.

Year 7 Report

We started off the season with a County Cup match against Sir William Robertson High School. We batted first and put up a good score. We went on to in style by bowling them all out, with Archie Smith taking 3 wickets in the last over.

The next match was against Haven high. We batted first again, Tom Scott batted very well, scoring 73 runs. We put up a very healthy score of around 150. We bowled the opposition out convincingly, delivering a good all-round performance, with wickets from almost every bowler that bowled.

Our next match was the 3rd round of the County Cup against Kings. We didn't get off to a great start with a diamond duck but we manage to rack up a total of 60 runs. They knocked off the runs but the bowlers we had made it fairly hard for the Kings batsmen. Jake Scott took a great caught and bowled.

Overall it was a satisfying first season of cricket for the year group.

Jake and Tom Scott, Year 7

GOLF

COUNTY GOLF CHAMPIONSHIPS

Several boys from Carre's competed in the Lincolnshire Schools County Golf Championships on the 10th May over the gruelling parkland course at Blankney. This was the 0-14 handicap event and the 'A' Team was a strong line up of three single-figure handicap golfers: Ben Partridge, Oliver Harrod and Ryan McLachlan. Those boys were successful in qualifying for the England Schools Golf Team Championship, to be held at Woodhall Spa on the 5th and 6th of July. The Carre's 'B' Team also competed at this event, but Daniel Oliver, Rhys Hodder and Josh Taylor weren't able to qualify for the next stage this time. Alex Hales, from Year 12, will step in for the unavailable Oliver Harrod at the Woodhall Spa event. We wish the team every success.

The 15-28 handicap County Schools' event was held at South Kyme G.C. on the 16th May, 2011. Representing Carre's at this event were James Larking, Harry Glenn, Ryan Trow, Connor Thompson, Alex Wright and Callum Hutton. It was Hutton who enjoyed the day the most, finishing in 2nd place overall. Well done, Callum!

Oliver Harrod will play in the Under 16 National schools golf Championships at the Old Bolton Links on the 17th and 18th of July. Well done, Oliver, and good luck!

CARRE'S VISIT TO THE OPEN CHAMPIONSHPS

On the 13th and 14th of July, Mr Newell and Mr Offer will be taking 15 keen young golfers to the Open Championship at Royal St. George's G.C. in Sandwich, Kent. The boys and the staff will have the opportunity to watch the World's finest players on their final practice day and the first day of the competition. This is the first time the school has taken such a trip and we hope it will be successful enough to become part of the regular schedule of visits for Carre's students.

To view parents' information for the trip, please follow this link.

SPORTS TOURS

Thanks to an overwhelming response from parents and students, we will now be taking 78 players on our Football Tour of Holland next Easter.

21 of you have signed up for the Cricket Tour to St Lucia in February 2013 and 29 will be heading to Australia for the Rugby Tour in the Summer of 2014.

Thank you for your continuing support.

SPONSOR A CARRE'S TEAM KIT

How would you like to see your Company name on an official Carre's team kit next season? We are looking for kit sponsors for individual football and rugby teams. An investment of £300 will provide you with shirt naming rights for a period of at least two years. We wear our kits in local, county, regional and even national competitions, so brand exposure would be excellent. The kits are also worn by our 'B' and 'C' teams during their fixtures. This is a great value-for-money way to get involved in supporting the school while accessing extra business opportunities. All shirt sponsors will also receive a free advert in future issues of the Gazzetta dello Carre's.

OLYMPIC COUNTDOWN AT CARRE'S

To celebrate the countdown to the Olympic Games in London, Young Ambassadors between the ages of 16 and 18 at Carre's Grammar School took on the challenge of arranging 500 boys into the shape of the Olympic rings.

Each school year group were given one of the five colours and challenged to wear that colour t-shirt throughout the day.

Nick Law, Headteacher at Carre's said "Not only does this event celebrate a milestone in the countdown to the Olympic and Paralympic games, but it also recognises how much can be achieved by a small team of dedicated ambassadors. They did an excellent job of both arranging and delivering this unique experience."

To see a video of the ambassadors in action visit www.carres.lincs.sch.uk or you can see the image on display on the new staircase to the Food Technology Room.

Gazzetta Dello Carre's is moving with the times: be sure to check out the electronic version on our website www.carres.lincs.sch.uk

In this issue many of the articles feature hyperlinks to photographs, video and web articles.

It is a vision of the school that in the near future the newspaper might soon be produced solely electronically, rather than going to print. This not only saves the school money but is more eco-friendly and as a real bonus allows us to utilise the features mentioned above, enhancing the way we share our sports news with you.

Science Specialism

CARRE'S CSI DAY

It was the 28th of June and the lads from Carre's Grammar school were ready for the return of Jacqui Thompson and her team, to train the boys how to become Forensic Scientists. It was CSI day. The event took place in the Northgate Sports Hall, run by PULSE Education & Business Services represented by Jacqui Thompson and organised by Ms Hobbs and Mr Wright! PULSE Education & Business Services combined their skills to develop a range of unique and authentic CSI activities for children and young adults. The team includes highly dedicated professionals including lead crime scene examiners specialising in Forensic Science.

After registration it was out on to the playground to be split up from friends. There were two purposes: the first obviously learning how to become a Forensic Scientist, but also to make new friends and spend time with people you don't know too well. This is another life skill: enabling you to work with almost anyone. After team leaders were arranged, it was into the Hall, and the day began.

Students from previous years had told the current year 9 students how interesting and memorable the day was, which led the 120 pupils to enthusiastically anticipate the day ahead of them. During the morning, time was allocated to learning various techniques, which the boys would have to use later if they were to be successful in their own crime scene investigation. These techniques included: iron filing finger prints, aluminium foil finger prints, lifting gel and UV lighting and swabbing liquids. However, it was useless if you were to just learn the techniques and therefore we were taught how to engage our brains, to consider various crime scene possibilities.

The afternoon arrived quickly and it was time to change into the SOCO suits (Scene of Crime Officer). Each team had 45 minutes to discover and collect as much evidence as possible. Teams collected a number of different pieces of evidence which ranged from hair to fingerprints. The students then concocted up a theory based on their findings. So taking into account as much **evidence** as possible, I can conclude it was a very interesting and enjoyable day!

Jake Young (LYJA & Year 9 student)

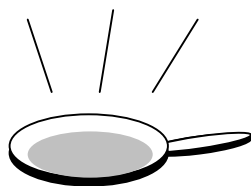

NEW-NATIONS

WORLD CUP

Create your own country!

This summer, Carre's Grammar School Sports College invites children to take part in an exciting new holiday activity programme. This is a fantastic opportunity to get creative, have fun and be active.

ACTIVITIES:

- TEAMBUILDING
- ARTS AND CRAFTS
- FOOTBALL COACHING
- KIT DESIGN
- COOKING
- CREATE A TOURIST VIDEO
- FOOTBALL TOURNAMENT
- And loads more!

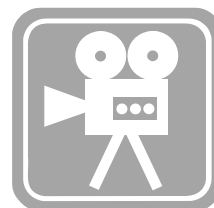

For boys and girls aged 8 to 13

All days 9 30 am to 3 30 pm

August 3rd to 5th

August 10th to 12th

August 17th to 19th

Each camp (3 days) £35

Individual day pass £15

Book early to avoid disappointment!
